History . Much has been written about the BSA Gold Star and no attempt will be made to reproduce the vast amount of published information that is available on this site. The BSA B44 Shooting Star was a motorcycle made by BSA at their factory in Small Heath, Birmingham. Similar to the BSA C15 and sharing many of the same parts, the B44 had an uprated chassis. A weak point of the BSA 250 and most 350 unit singles were the big end bearing and timing side crank bush. Photos of BSA A7s and A10s motorcycles owned by webpage readers This section of the website contains photos (organized by model type and year) submitted by readers visiting the webpage. The BSA A65 650 cc twin cylinder motorcycle, along with its 500 cc A50 smaller twin, were introduced to the public in January 1962. They were intended to replace the 500 cc A7 and 650 cc A10 twins that had been in production since 1946 and 1950, respectively., Bsa Singles Restoration.
