It is always such a comfort to know that I have people in my life that I can turn to when I have a problem and they help me work through it. We often hear about people's desire to solve world hunger, or to be able to feed the world and help alleviate the suffering associated with it. In physics, the n-body problem is the problem of predicting the individual motions of a group of celestial objects interacting with each other gravitationally. Solving this problem has been motivated by the desire to understand the motions of the Sun, Moon, planets, and visible stars. The Monty Hall problem is a brain teaser, in the form of a probability puzzle, loosely based on the American television game show Let's Make a Deal and named after its original host, Monty Hall., Problem Solution Presentation Topics.
