Hunting is the practice of killing or trapping animals, or pursuing or tracking them with the intent of doing so. Hunting wildlife or feral animals is most commonly done by humans for food, recreation, to remove predators that can be dangerous to humans or domestic animals, or for trade. Written by George R. R. Martin, Gardner Dozois, and Daniel Abraham. Running from poverty and hopelessness, Ramón Espejo boarded one of the great starships of the mysterious, repulsive Enye. Knowing what plants to collect in a survival situation can be the difference between life or death, especially if your hunting, fishing or trapping efforts aren't producing. David Godshall takes us behind the scenes in his L.A. punk rock garden, Wild Scenes Of A Hunter's Life.
